Help Us Grow Our Team

Join our team and begin a rewarding career where you make a difference every day!

We are looking for compassionate individuals ready to help the children, families, and residents with developmental and/or intellectual disabilities we serve reach their full potential!

On any given day, you can help our families maximize their opportunities for self-care, social, emotional, medical, mental, and physical development and improve their well-being.

You can connect our families to resources, skills, and tools to help them achieve their goals, such as graduating high school, finding employment, or accessing community building services. Or, guide our residents and youth to new skills and experiences and so much more!

Little Flower offers generous paid time off, affordable health, dental, and vision plans, an employee wellness program, growth opportunities, and more!
